VereinsFee

Included from Starter and Starter Free

Turn club events into an annual review

For small and medium-sized clubs. VereinsFee helps you prepare your annual report using existing activities from your annual planning and club calendar.

1. Select activities

Choose the club year and reporting period, then select relevant events. Leave internal or irrelevant entries out and add a review text for each activity.

2. Review and refine the report

The preview brings selected activities and their texts together. Add an introduction, closing remarks and grouped chapters for recurring events as needed.

Frühlingswanderung

09.05.2026, 10:00 - 16:00 · Treffpunkt Vereinslokal

24 Mitglieder erkundeten gemeinsam den Waldweg. Beim anschliessenden Picknick blieb Zeit für Gespräche und neue Kontakte.

Sommerfest

22.08.2026, 10:00 - 16:00 · Vereinsplatz Sonnenwiese

38 Gäste genossen einen geselligen Nachmittag. Zwölf freiwillige Helferinnen und Helfer sorgten für Aufbau, Verpflegung und Spiele.

Share as Word or PDF

Export the reviewed report as a Word document or use the PDF print function, and make it available in the annual report dossier. Half-year and quarterly reports are also supported. Your committee writes and checks the content; AI generation is not required.

The benefit: less searching, a clearer club story

Reuse existing club events instead of gathering them again. A focused selection and combined preview help create a clear review while reducing the workload for your committee.
